203, 85-3-204, 85-3-208, 85-3-209, 85-3-210, 85-3-211, 85-3-213, 85-3-214, 85-3-301, AND 85-3-302, MCA;
REPEALING SECTIONS 85-3-102, 85-3-206, 85-3-207, AND 85-3-212, MCA; AND PROVIDING AN
EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 85-3-101, MCA, is amended to read:

"85-3-101. Definitions. Unless the context requires otherwise, in this chapter, the following definitions
apply:

(1) "Department" means the department of natural resources and conservation provided for in Title 2,
chapter 15, part 33.

(2) "Operation" means the performance of weather modification and control activities entered into for
the purpose of producing or attempting to produce a certain modifying effect within one geographical area ~~over~~
~~one continuing time interval, not exceeding 1 year.~~

(3) "Research and development" means theoretical analysis, exploration, and experimentation and
the extension of investigative findings and theories of a scientific and technical nature into practical application
for experimental and demonstration purposes, including the experimental production and testing of models,
devices, equipment, materials, and processes.

(4) "Weather modification and control" means changing or controlling or attempting to change or
control, by artificial methods, the natural development of atmospheric cloud forms or precipitation forms that

occur in the troposphere. Weather modification and control includes but is not limited to cloud seeding."

Section 2. Section 85-3-103, MCA, is amended to read:

"85-3-103. Department powers. In addition to any other acts authorized by law, the department may:

(1) acquire materials, equipment, and facilities as are necessary to perform its duties under this chapter;

(2) receive any funds which may be offered or become available from federal grants or appropriations, private gifts, donations, bequests, or any other source and unless their use is restricted, expend the funds for the administration of this chapter;

(3) make such studies and investigations and obtain such information as the department may deem necessary in exercising its authority in the administration or enforcement of this chapter;

(4) cooperate with public or private agencies in the performance of the department's functions or duties and in furtherance of the purposes of this chapter;

(5) represent the state in any and all matters pertaining to plans, procedures, or negotiations for interstate compacts relating to weather modification and control;

(6) enter into cooperative agreements with the United States government or any of its agencies, with the various counties and cities of this state, or with any private entities or public agencies for conducting weather modification or cloud seeding operations;

(7) act for and represent the state and the counties, cities, and private entities or public agencies in contracting with private concerns for the performance of weather modifications or cloud seeding operations; and

(8) conduct and make arrangements, including contracts and agreements, for the conduct of research and development activities relating to:

(a) the identification and evaluation of meteorological, environmental, ecological, agricultural, economic, hydrological, and sociological impacts of weather modification in Montana;

(b) the theory and development of methods of weather modification and control, including processes, materials, and devices relating thereto;

(c) the utilization of weather modification and control for agricultural, industrial, commercial,

recreational, and other purposes;

(d) the protection of life and property during research and operational activities."

Section 3. Section 85-3-201, MCA, is amended to read:

"85-3-201. License ~~and permit~~ required for weather modification and control. A person or entity may not engage in activities for weather modification and control except under and in accordance with a license ~~and a permit~~ issued by the department authorizing the activities."

Section 4. Section 85-3-202, MCA, is amended to read:

"85-3-202. Department to review applications. (1) The department shall review all applications for weather modification and control activities/licenses. ~~The department shall prepare a report and an environmental impact statement pursuant to Title 75, chapter 1, part 2. The report must contain information relative to all of the criteria applicable to issuance of a permit in 85-3-206. Prior to preparing the report, the department shall conduct at least one public meeting in the area affected by the proposed weather modification activity. The department's actual costs of conducting the public meeting, preparing the report, and preparing the environmental impact statement must be paid by the applicant. The department is required to conduct only the type of environmental assessment that would be conducted for a routine action with limited environmental impact pursuant to Title 75, chapter 1, part 2, as the necessary level of environmental review for a weather modification operation licensed pursuant to this chapter.~~

(2) The department may provide by rule for exempting from the license ~~and permit~~ requirements of this chapter:

(a) research, development, and experiments by state and federal agencies, institutions of higher learning, and bona fide nonprofit research organizations and their agents;

(b) laboratory research and experiments;

(c) activities of an emergency character for protection against fire, frost, sleet, hail, or fog; and

(d) activities normally engaged in for purposes other than those of inducing, increasing, decreasing, or preventing precipitation or hail."
